SECTION 5 ENDORSEMENTS

This section contains endorsements, and the pricing therefore.

GENERAL RULES

The percentage figures shown following each Endorsement are in all cases, the percentage of the same insurance rate schedule that was used to price the policy to which the Endorsement is to be attached.

Many of the endorsements are not priced for some of the policy forms. Where "N/A" appears in the following schedule of endorsements, such endorsement is not available for that policy form.

Issuance of any endorsement, as with the issuance of any policy or other insurance product covered by this manual, is subject to the underwriting requirements and decisions of the Company.
